

NETHER WALLOP PARISH COUNCIL

TO CONSIDER IF A COMBINATION PADLOCK SHOULD BE PLACED AT THE TENNIS COURTS.

The booking manager has advised that a resident has reported seeing players in the tennis courts without having booked / paid.

This can cause awkwardness if other parties have booked and then arrive, but it is also unfair on those that have paid to play at other times.

A recommendation has been put forward that the tennis courts are again locked, but this time with a combination padlock. The code can be changed periodically by Cllr Sangster / Booking manager and the code communicated to the regular players.

Councillors to decide if a padlock should be purchased.
