

Nether Wallop Parish Council

Unauthorised encampment Policy

1. Rationale or background to policy:

Guidance in the event of an unauthorised encampment on Parish Council land to ensure that the Council deals with unauthorised encampments in a fair, proportionate manner and consistent manner and follows a set legal process.

2. Policy Statement:

This policy applies to the management of all unauthorised encampments, including the establishment of a tent, vehicle, or other structure, by a person(s), in an area where they have no permission to reside or occupy. This policy covers the management of all unauthorised encampments regardless of who the occupiers may be. The policy incorporates the council's duties in relation to Traveller communities, outlining how the council will meet its Public Sector Equalities Duty and Human Rights obligations towards these communities

A high proportion of unauthorised encampments are by individuals or groups of people, such as Gypsies and Travellers, who follow or have chosen a nomadic way of life and travel, the country and or local area, stopping off for a time, and then moving on.

Gypsies and Travellers, together with all groups who have a specific culture, language or values, are protected from discrimination by the Race Relations Act 1976 and the Human Rights Act 1998. It is not unlawful to roam.

This policy gives guidance in the event of an unauthorised encampment on Parish Council land including the policy on eviction and the procedures to follow.

The policy applies to all Staff and Councillors involved in the management of unauthorised encampments, and agencies acting on behalf of the Parish Council.

The Parish Council will not act if an encampment is not on Parish Council owned or managed land, other than where possible, to inform the landowner.

3. Insurance:

The Council's insurance has cover for legal fees in respect of Trespass. However, in the event of legal action or bailiffs being required, an insurance Claim must be made (and approved for action) by the Insurers before any appointment can be made. This may be subject to several working days delay.

4. Procedures:

Responsibility for following this policy is with the Council employee on duty at the time an unauthorised encampment is reported with support from the Chair of the Parish Council.

On discovery of an illegal unauthorised encampment the Unauthorised Encampment Process List will be followed. Due to the nature and speed at which actions unfold, liaison with the Full Parish Council is not always possible.

The encampment details are to be communicated to the Clerk and Chairman and an initial visit to the encampment will take place within 12 hours of it being notified.

Financial implications

The Council has no budget for bailiff services in the event of any unauthorised encampment due to the insurance policy covering legal costs. In the event of a significant delay from the insurers to act, this policy gives delegate authority to the Clerk to spend a maximum of £4,000, in consultation with the Chairman and Vice-Chairman in the event of requiring the services of a bailiff as a matter of urgency.

Costs to be communicated to the Full Parish Council at the earliest opportunity and ratified at the next Parish Council meeting.
