

To consider if councillor(s) should attend the online NALC event "*How to get young people involved in local councils*"

Join our online event on how to get young people involved in local (parish and town) councils, taking place on 26 May 2021.

Want to know how to get young people involved with the council? Are you keen to find the next generation of councillors in your community? Join NALC in exploring the big questions on how and what local councils can do to reach younger people in their community. A panel of young councillors will give precious insights into what made them join their local council, the reasons behind them, how they went from resident to councillor, and what local councils can do to engage with their young residents. There will be a Q&A feature, so come with your successes, failures, and questions for an interactive session so we can all learn from each other.

Our expert panel so far features **Cllr Chelsey Jay** of Witham Town Council, who will talk about the importance of communication, raising awareness of the council and how to engage with younger residents. She will be joined by **Cllr Ollie Tucker** of Axminster Town Council, with more panellists to be added.

Prices for this event start from £30. The event is sponsored by BHIB Councils Insurance, Blachere Illumination and CCLA.
