10. A resident had asked if there were weight limits for the two bridges over the Brook in Nether Wallop village Centre. HCC have been consulted who have advised that “, if a bridge has a weight restriction sign on it then only vehicles up to that weight can cross. If there is no signage, then all vehicles allowed on public roads are able to cross with the exception of Abnormal Loads which have to be notified to Local Authorities for permission to move (these are the exceptionally heavy, high, or wide vehicles). The two bridges mentioned are not restricted so therefore large lorries are allowed to cross.”	NO	None

A resident in Trout Lane has written in to advise that he has had to clear up a quantity of dog mess bags that have been left by irresponsible dog owners. “Just because it is in a biodegradable dog poo bag, does not mean that it can be left wherever. It still needs to be disposed of in the correct way (i.e. a bin, not a bush), especially when there are young children that live near by and like to explore.”	NO	None.
12. A Grant Application form from Hampshire Victim Support has been received asking for £50. This will be added to the next month’s agenda for consideration.	NO	Add to November Agenda.
