

## **BUILDINGS OF IMPORTANCE IN NETHER WALLOP.**

There are 80 listed buildings in Nether Wallop

- 77 Grade II listed buildings (including structures, such as 2 milestones and some Granary Storehouses)
- 1 Grade II\* listed buildings - Fifehead Manor
- 2 Grade I listed buildings - St Andrew's Church and the C15 Barn near Berry Court Farm

There are several discrepancies between the Listed building list and the Conservation Area Character Appraisal which lists Key buildings in the Conservation Areas that are not listed. These discrepancies are mainly on the Map Covering Nether Wallop rather than the Middle Wallop Area.

Key Building listed on the NW Conservation Area Appraisal Map are:

- Broadgate Farmhouse - Gr II listed
- St Andrews Church - Gr 1 listed
- **Gerrards Farm - not listed**
- Monks - Gr II listed
- **The Mill - not listed**
- **The Manor in Heathman St -not listed**
- Old Brook Farmhouse - Gr II listed
- Old Vicarage - Gr II listed
- Place Farm House - Gr II listed
- Winton Nursing Home - Gr II listed

The Old School House in Heathman Street and the Blacksmiths Workshop in Farley Street are shown on the NW Conservation Area Appraisal Map as buildings of local interest along with 26 other buildings.

I also note that the Chapel House on Farley Street is listed (GII) but the Chapel in the High St is not even shown as a building of Local interest on the NW Conservation Area Appraisal Map.

***Should the NDP include buildings listed in the Conservation Area Character Appraisal as important in the NDP?***

***Should other buildings also be included?***

- **Gerrards Farm**
- **The Mill**
- **The Manor**
- **The Old Chapel**
- **The Blacksmiths Shop**
