Hollom House

Gail,

Thank you for your enquiry.

The shelter in question is at bus stop Hollom House (hamagjat).

We can clean the shelter, remove foliage and send back a condition report (this will alert you to any dangerous issues, eg broken poly panels) we could then quote for the repair.

We can offer the service as a one off, twice a year or seasonal.

I have broken down the cost so you can discuss at the council meeting what would be best for you.
